06/16/2015 - 17:43

In the edition of the Global Junior Challenge 2012 it was presented a project by a middle school from Eboli (Campania). The idea was to create a workshop of robotics with students, in collaboration with the CENTER INTERMEDIATE, which deals development and technological innovation in the area. With funding from the European Community and the funds of the school, it has been able to use a kit " Lego Mindstorm NXT " who wowed immediately guys . " School Robotics" of Genova showed immediately interest in the activities of the children and wanted to meet them; then the school also participated in the RomeCup 2012, the International Robotics Trophy City of Rome .

To participate in the new edition of GLOBA JUNIOR CHALLENGE, 27 to 30 october 2015, Rome, fill out the form under the heading of the site: "Rules"
