Breaking barrier to education using online video technology.

Project Summary (max. 2000 characters):

Dominic Nsikan a serial social entrepreneur and the founder of TechClass Nigeria one of the fastest growing online video contents service providers for teachers and students in Northern Nigeria. My project utilizes the power of online video technology to provide top quality educational materials and real time online classes through YouTube and Skype to teachers in

Yobe, Maiduguri, Gombe, Damaturu, Zaria and other Boko Haram insurgence communities where there are little or no access to quality textbooks, training manuals and research facilities as a result of the over three years of continues destruction of educational facilities by the activities of the radical Islamic terrorist group Boko Haram.
