Categoria del progetto/Project category : Educazione fino ai 15 anni/Up to 15 years

Uso delle tecnologie / Use of technologies: Many web2 tools such as Canva, Postermywall, bitmoji, Storyboard, Beautiful.ai, google mymaps, padlet, renderforest, google maps, zoom, social media, canva, inshot, chatterpix, speakermic and many more were used in these activities. Every activity we do in our project is quite different from traditional cookbooks and our collaborative work, the eTwinning day event, the storybook "Digitintin on the road". The eTwinning day event was a special day when we created our poem by connecting online with mixed groups. The storybook, "Digitintin on the road" was an activity that each of our students used different web2 tools in each of our projects. We used digital technology. Before I started my studies, my students were not familiar with these web2 tools, sometimes in our school and sometimes at home. When we had a problem, they were contacted via whatsapp. Also, our students were using these tools while doing their studies.

Indicare gli elementi di innovazione del progetto / What are the innovative aspects of the project?: Using technology during the pandemic period. creating a general culture about the world.

Con quanti utenti interagisce il progetto?/How many users does the project interact with? : The project involves many users.
