

# **I Want To Be Program**

3 weeks , 4 Modules, a group of 40 junior High School children (ages 11-15)

# The Program

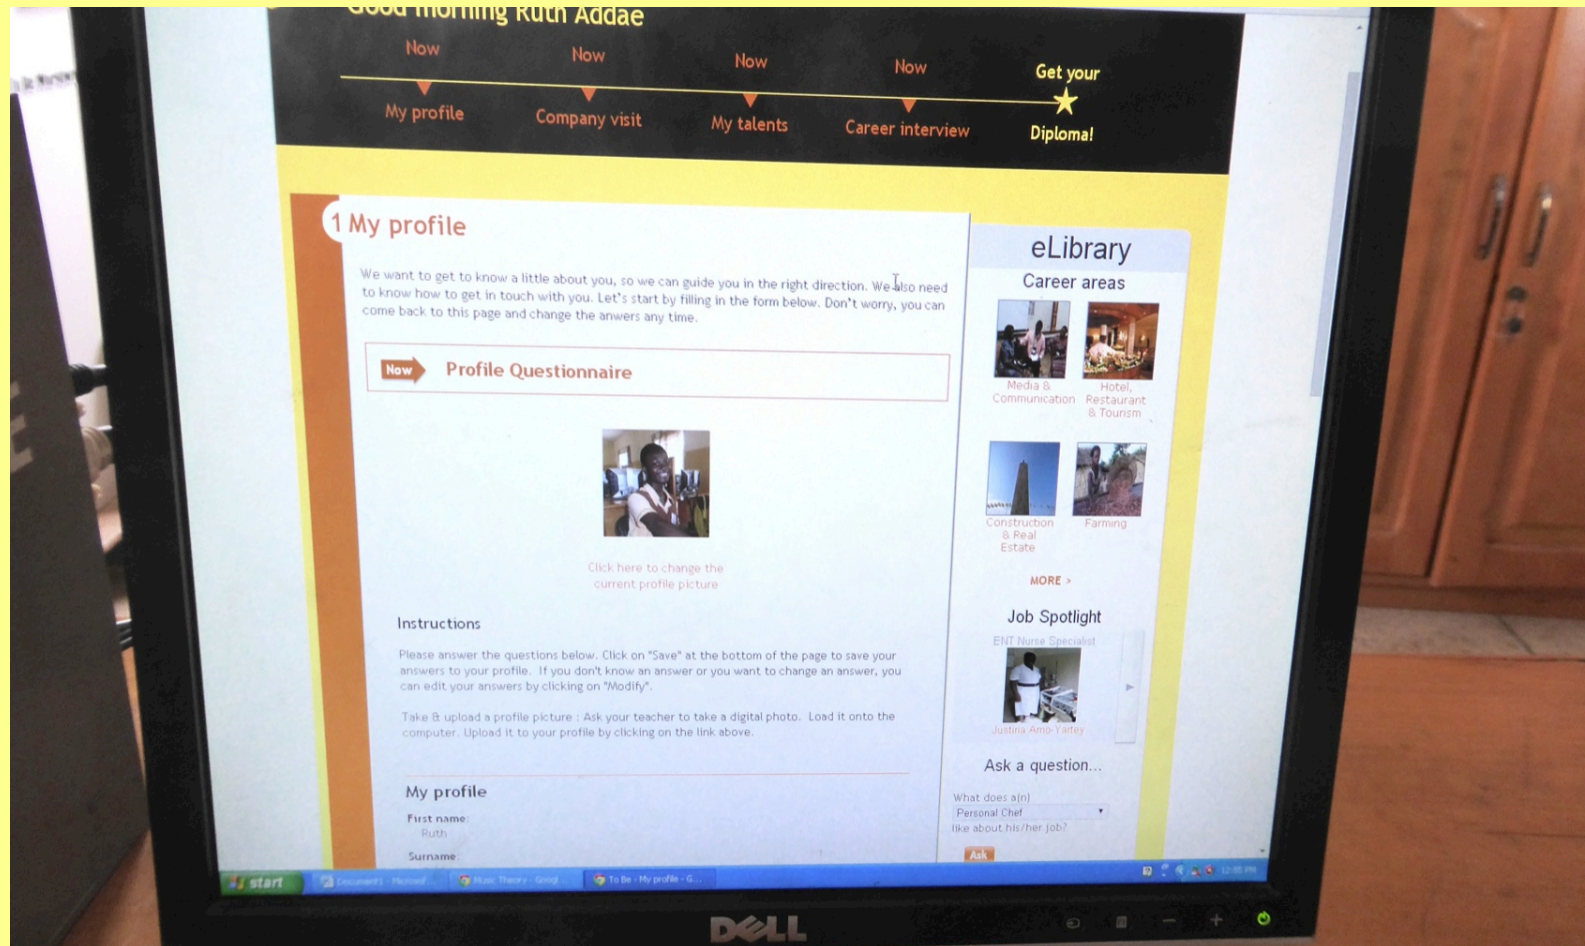

The Program is developed to open the minds of children to what they can become and the many opportunities in their community

# The Team

The team consisted of the To Be Worldwide organization from the Netherlands, Educational & Counselling experts from TUCEE, Mr. Kofi Essien Master Teacher Cerise Tete our Educational Volunteer, a team of teachers from the ministry of Education in Takoradi and our own staff Doris, Enoch and Frank.

# The “I Want To Be Application

The program consists of 4 modules.

1. My Profile (baseline),
2. Company Visit,
2. My Talents and finally
4. Career Interview and not to forget, the eLibrary

# 4 Modules

- **My Profile** - children complete the questionnaire in this module, providing us with personal information, hobbies and interests as well as 3 jobs they think they would like to have in the future. (Baseline study)
- **Company Visit** – in groups children explore the eLibrary, select a company they would like to visit, prepare questions to ask, practice interviewing skills, visit the company and make a presentation for their peers who visited another company.
- **My Talents** – Children select character traits they think they have, ask parents and friends to indicate what they are good at and do quizzes to learn more about their talents.
- **Career Interview** – children select from the eLibrary a professional they would like to interview. They prepare questions to ask and learn to be alert to compare talents of the professional with their own.

# Children working with the Program

**It's important that it is fun !!!**

# Company Visits by the children

Visiting the Atlantic Chemist and leaving with a goodybag 😊

A visit to the Atlantic Hotel where we saw every department and ended the tour with ice cream 😊
